Dear Interested and Affected Party (I&AP)

As per the initial email below dated 27 November 2022, the commenting period on the draft basic assessment report (DBAR) for the above project ends **on or before 18 January 2023**.

To align with the Department of Environmental Affairs and Development Planning's stance regarding public participation over the December/January period, please note that written comment/queries on the DBAR may be submitted to Over the Moon Consulting from 27 November 2022 up to and including 14 December 2022 and then again from 06 January 2023 up to 18 January 2023, both dates included.

No comments/queries will be received during the period 15 December 2022 up to and including 05 January 2023.

This still provides I&APs with more than the legislated minimum 30-day commenting period.

Thank you,
Vivienne Thomson
